

How To Send Money Using Remitly (Credit Card)

1 Navigate to <https://www.remitly.com/us/en/homepage>

2 Click "Get started"

The screenshot shows the Remitly homepage. At the top, there is a navigation bar with the Remitly logo and the tagline "Promises Delivered". To the right of the logo are links for "Send money", "Transfer history", and "Refer Friends". Further right, there is a language selector set to "English" and a "Welcome" message. Below the navigation bar is a dark blue header with a "Canada" flag and the word "Canada". The main content area features three key benefits: "Great rates" (Great rates, low fees, and a special new customer offer.), "Send money conveniently" (Easily send to Interac e-Transfer users in Canada), and "Safe and secure" (Your information is always confidential and your funds are protected.). To the right of these benefits is an "Exchange rate" section for "Sending to Canada" showing "Our best rate: 1 USD = 1.3753 CAD" and a "Send money" button. The "Get started" button is highlighted with an orange circle. At the bottom, there is a dark blue footer with the Remitly logo and four columns of links: "Company" (User Agreement, About, Blog), "Product" (Rates & fees, Security), "Support" (Help, File a complaint), and "Support" (Help, File a complaint).

3 Click "New recipient"

The screenshot shows the "Send money" page on the Remitly website. The navigation bar at the top is the same as in the previous screenshot, but the "Send money" link is now active. The main content area is titled "Select a recipient to send money" and features a search bar with a "+ New recipient" button highlighted by an orange circle. Below the search bar, there is a list of existing recipients, which is currently empty. The footer at the bottom is the same as in the previous screenshot.

4 Click the "0.00" field. Type "order total"
